

# Have your say on Livestock Exports

---

Tell us what you think about the rules for exporting livestock – cattle, sheep, goats and deer.

We are reviewing the rules to improve animal welfare and protect New Zealand's reputation as a responsible exporter.

**Submissions close on Wednesday 22 January 2020**

## Animal welfare matters

It's important to animals, it's important to people and it's important to New Zealand.

We want to hear from people affected by any changes to the livestock export rules and people interested in animal welfare.

The review is looking at a wide range of options – from strengthening existing standards to a total or conditional ban on some or all parts of the livestock export trade.

## How to have your say

Make a submission. Find out more.
