Subject: Re: New temporary closure of Te Mata and Waipatukahu shellfish beds - URGENT

Tena korua

I wish to confirm that Ngāti Tamaterā is requesting a renewal of the current S.186A Temporary Closure gazette of January 2020 for the Te Mata – Waipatukahu area for a 2-year period.

The circumstances leading to the initial request in October 2019 and the written request handed to the Minister in December 2019, have not changed in respect of shellfish abundance concerns. On that basis the details of our request are exactly the same as the closure notice approved in January 2020, with two exceptions; that it be extended from 6 months to **2 years** (as originally sought); and that **tio (oysters)** are included in the list of species included in the closure notice.

This confirmation of request is made on behalf of the Ngāti Tamaterā Treaty Settlement Trust. In future, please address all correspondence or requests for information to the following people;

Liane Ngāmane - [REDACTED]

Antony Royal - [REDACTED]

Koro Ngapo - [REDACTED]

Ngā mihi

Liane
